Kestrel Civils at a glance

Kestrel Civils is a 100% black-owned civil engineering contractor based in Mbombela, delivering roads, stormwater, bulk water and earthworks projects across Mpumalanga and Limpopo since 2011.

We self-perform our core work with our own plant and supervisors, which is why our projects finish on programme: we do not wait on sub-contractors for the critical path.

Registered name	Kestrel Civils (Pty) Ltd
Established	2011
CIDB grading	6CE PE · 4GB
B-BBEE status	Level 1 · 100% black-owned
Employees	68 permanent · up to 140 on site
Operating regions	Mpumalanga · Limpopo · Gauteng (east)
Head office	Mbombela, Mpumalanga

15

years in civil works

R148m

completed in the last 5 years

0

lost-time injuries in 2025

31

owned plant items

Self-performed

Own plant and supervisors on the critical path.

Local labour

EPWP-aligned teams and skills transfer on every site.

Zero-harm record

412,000 man-hours without a lost-time injury.

Roads, water and earthworks — delivered on programme.

Services & capabilities

01

Roads & stormwater

New roads, rehabilitation, paving, kerbing, culverts and stormwater systems.

02

Bulk water & sewer

Pipelines up to 600 mm, pump-station civils, reservoirs and house connections.

03

Earthworks

Bulk earthworks, platforms, cut-to-fill, layer works and compaction control.

04

Concrete structures

Culverts, headwalls, retaining walls, chambers and minor bridges.

05

Labour-intensive works

EPWP-aligned delivery with local labour and skills transfer plans.

06

Plant hire

Wet and dry hire of our owned fleet to other contractors.

How we deliver

1

Plan

Programme, method statement and risk assessment before site establishment.

2

Mobilise

Own plant and local labour on site within 10 working days.

3

Build & control

Daily diaries, inspection & test plans and weekly progress reports.

4

Hand over

As-builts, test results and completion certificate.

Relevant experience

PROJECT	CLIENT	VALUE	PERIOD	STATUS
Rehabilitation of 6.4 km rural access road	Local municipality, Mpumalanga	R31.2m	2024–2025	COMPLETED
Bulk water pipeline, 450 mm uPVC, 3.8 km	District water services authority	R22.7m	2023–2024	COMPLETED
Industrial platform earthworks, 9 ha	Private developer, Mbombela	R14.9m	2023	COMPLETED
Stormwater upgrade and culverts	Local municipality, Limpopo	R11.4m	2022–2023	COMPLETED
Internal township roads, paving and kerbs	Housing developer	R18.3m	2021–2022	COMPLETED
Haul road maintenance contract (3-year)	Mining client, Limpopo	R26.0m	2025–2028	IN PROGRESS

Completion certificates and contactable references are available on request.

R31.2m

6.4 km rural access road

Full rehabilitation including G5 base, double seal, 14 culverts and 2,100 m of lined drains. Delivered 3 weeks ahead of programme with 38 local labourers employed through the EPWP model.

R22.7m

Bulk water pipeline

3.8 km of 450 mm uPVC with 6 valve chambers and a river crossing. Pressure-tested and commissioned first time, with zero leaks at handover.
